• Increase the ability to compete in today’s job market

The WorkSource Center is funded by the City of Los Angeles Workforce Development Board and strives to prepare eligible students to attend short-term training as well as enter college courses that can help ensure their successful return into the workforce. The center is funded by the Workforce Innovation and Opportunity Act of 2014 (WIOA) and offers a range of services that includes short-term skills training, case management, career exploration, on-the-job training, support services, and job-placement assistance. As a federally-funded program, the WorkSource Center can assist individuals seeking gainful employment by accessing an array of training activities as well as added-value resources such as, but not limited, the following:

• Unemployment insurance benefits through the Employment Development Department
• Access to support services such as transportation, uniforms, childcare, etc.
• Labor market information that can be used to identify good-paying jobs and careers
The Los Angeles Trade Technical College Foundation supports the school through scholarships, grants, and programs. The Foundation keeps in touch with alumni and community partners to promote employment opportunities and raise funds for LATTC.
