NURSING, REGISTERED

Department: Health and Exercise Sciences
Department Chair: Joseph Ratcliff
(213) 763-3730, RatcllJE@lattc.edu

Award Title | Award Type | Grad. Plan | Required Course Units | Major Elective Units | Total Major Units
---|---|---|---|---|---
Nursing, Registered | A.S. | Plan B | 42 | - | 42

At least 60 degree applicable units (total major units and Plan B units) are required to earn an Associate degree.

PREREQUISITE COURSES

A GPA of 2.5 or better must be earned in all college level courses and a 2.5 grade point average in the science prerequisites.

Please note: You must be accepted into the Nursing Program before you can enroll in these classes. Once accepted, enrollment will be done by the department. You cannot enroll online.

PROGRAM OVERVIEW

The Registered Nursing (RN) Program at LATTC combines nursing and general education courses with selected laboratory experiences during which students provide nursing care to clients in hospitals and other health care facilities. Nursing courses include medical surgical nursing, geriatric nursing, maternal child health nursing, pediatric nursing, psychiatric nursing, pharmacology, and nursing management and leadership and preceptorship. The program is designed to be completed within four semesters after admission.

Applicants must meet health as well as other requirements mandated by the program and affiliating hospitals/clinic prior to entry. Candidates are admitted to the program in the Fall and Spring semesters. Candidates must enter the program with a minimum overall 2.5 grade point average in all college level courses and a 2.5 grade point average in the science prerequisites. Applicants may file an application only after all prerequisites have been completed. At that time, the student will be eligible to take the nursing entrance examination called TEAS (Test of Essential Academic Skills). If the student achieves a passing score on the TEAS, he or she will be provided with remediation opportunities and permitted to retake the exam. Students may retake the entrance exam once. Program flyers with prerequisites and admission information may be obtained from the Counseling Office or the Department of Allied Health. The Registered Nursing Program is approved by the California Board of Registered Nursing (BRN).

PROGRAM LEARNING OUTCOMES (PLOs)

Upon completion of the Degree program, students are able to:
- Utilize nursing process and Maslow’s Hierarchy of Needs to provide nursing care to clients along the health illness curriculum across the life span.
- Demonstrate ability to apply theoretical knowledge and clinical skills to practice as an entry level registered nurse.

NURSING, REGISTERED

Associate in Science Degree
Major Units: 42

Requirements for the Associate in Science degree in Registered Nursing may be met by completing 42 units of Required Courses with a “C” or better along with general education courses meeting Plan B graduation requirements. Information on the Plan B requirements may be found in the catalog under Graduation/Transfer Requirements.

REQUIRED COURSES

Nursing courses must be taken in sequence and completed with a grade of “C” or better.
